Dear colleagues

It is our great pleasure to invite you to the Masterclass of Pediatric Nephrology organized by the Schweizerische Arbeitsgruppe für pädiatrische Nephrologie (SAPN).

This masterclass is open to everyone interested in the field, including interns, pediatricians (both in private practice and hospital settings), and fellows in pediatric nephrology.

We have an enriching program planned, beginning with basics in pediatric nephrology in the morning. In the afternoon, we will delve into more specialized courses and conclude with clinical case discussions. We look forward to an exciting and educational day with you all.
